Dear Sirs,

As part of Douglas Aircraft's program to comply with the Hazard Communication Standard set forth by the State of California, we recently sent a letter requesting a Material Safety Data Sheet (MSDS) for your product. As of this date, it has been more than 25 days since the initial request. It is therefore necessary to inform you that if we do not receive an MSDS within 10 working days, we will inform the State of California Department of Industrial Relations of your noncompliance. Failure to provide the required MSDS within ten working days will result in our request to Materials Department to remove you from the approved vendors list.

Your Product: DPM 0086 (CLEAR)  
Douglas Part No.: L-880-66

We sincerely hope that you will cooperate in this matter.

Yours truly,

*Kei Urin*
